**Venkata Deepak Nannapaneni**

has successfully completed the online, non-credit Specialization

# Developing Applications with Google Cloud Platform

In this specialization, application developers learn how to design, develop, and deploy applications that seamlessly integrate components from the Google Cloud ecosystem. Through 4 courses and a combination of presentations, demos, and hands-on labs, participants learn how to use GCP services and pre-trained machine learning APIs to build secure, scalable, and intelligent cloud-native applications.
